26 Waterside Dr, Twin Waters

Spectacular Waterfront Re-Creation

The original architecturally designed home offered an excellent floor-plan and great bones, providing the perfect platform for a wonderful new vision. After a thorough and complete renovation this year, all the work is finished and this waterfront home is gleaming from top to bottom. The result is, quite frankly, spectacular.

Offering 23m of direct water frontage, a superb view across the water to the tree lined park on the other side of the canal is the focus of this home, with a number of options to enjoy the outlook from inside and outdoors. Other wonderful features also abound; here are just a few of them:
